SINK OF CLEANUP CORPORATION
MADE IN JAPAN

STREAM FLOW SINK

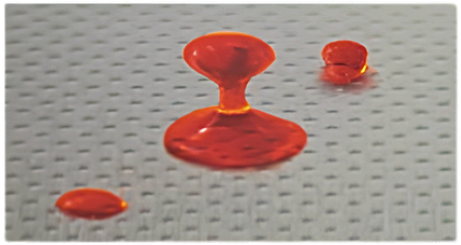

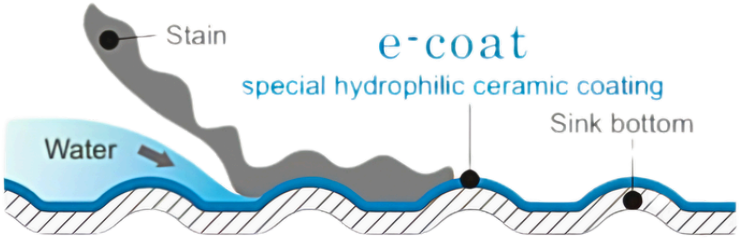

SUPER SILENT SINK

E-Coat Technology

The e-coat hydrophilic ceramic coating allows water to work its way under the stain, lifting it to float up and off the surface. Even stubborn grease is gone with the wipe of a damp cloth!

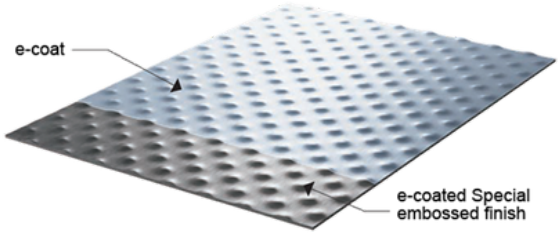

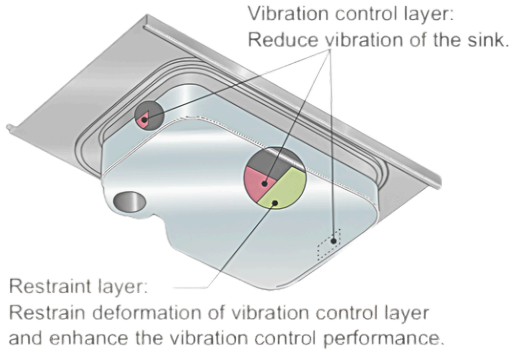

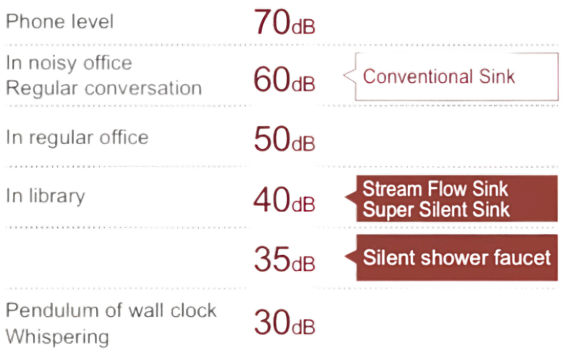

Embossing Technology

The work surfaces you use most have a special embossed finish that reduces the effective area of countertop and sink

Silent Technolog y

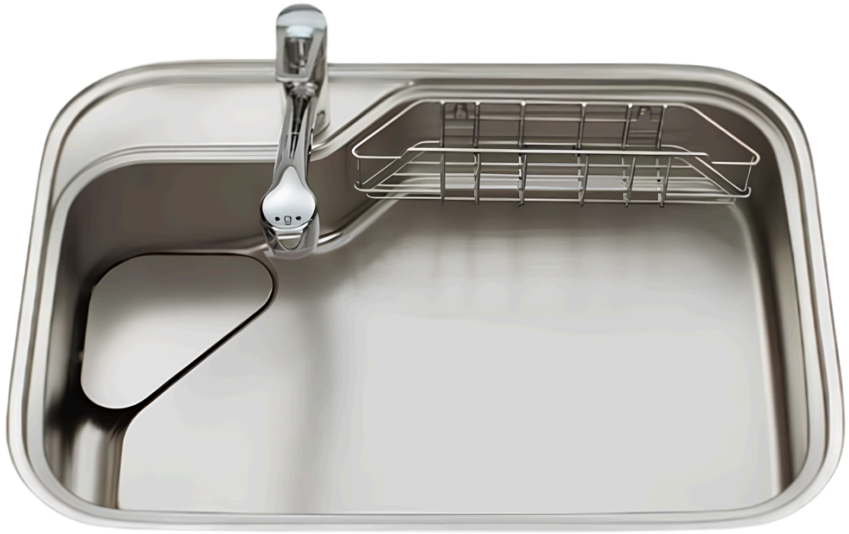

Vibration control structure is used not only at the bottom back of the sink but also the sides. Water splashing sound is suppressed and will not interfere with conversations.

HOW TO TAKE CARE / IMPORTANT POINTS

LEAVING DIRT ON THE PRODUCT FOR A LONG TIME COULD MAKE IT HARD TO REMOVE

- WHEN CLEANING, PLEASE MAKE SURE TO USE A SPONGE WITH NEUTRAL DETERGENT. YOU MUST ALSO RINSE WITH WATER IN THE END.
- IN ORDER TO MAINTAIN A BEAUTIFUL SINK, PLEASE USE A MELAMINE SPONGE.

DO NOT USE DETERGENT OR ANY OTHER CLEANING MATERIALS INCLUDING ABRASIVE. DO NOT SCRUB THE SURFACE WITH A METAL BRUSH. DO NOT RUB OR DROP HARD AND SHARP MATERIALS SUCH AS SAND, STONE, OR SHELLFISH. THERE IS A POSSIBILITY TO GET SCRATCHED OR MAKE DIRT HARD TO REMOVE.

DO NOT LEAVE SALT, SOY SAUSE, OR ANY KIND OF METAL ITEMS SUCH AS KNIVES, BRUSHES, CANS FOR A LONG TIME. IT COULD CAUSE RUST STAINS AND OPEN A HOLE FROM CORROSION.

DO NOT USE DETERGENT INCLUDING ACID (LESS THAN PH3) • SILICATE. DO NOT USE OR LEAVE OUT UNDILUTED ALKALINE AND CHLORINE FOR A LONG TIME. IT COULD CAUSE RUST STAINS, OR CHANGE OF COLOR.

SINK & ACCESSORIES CLEANING INSTRUCTIONS CLEANUP KITCHEN (FOR LIMESCALE CAUSED BY TAP WATER)

SINKS AND ACCESSORIES FROM CLEANUP KITCHEN ARE DESIGNED WITH INNOVATIVE TECHNOLOGY THAT HELPS PREVENT STAINS AND GREASE BUILDUP FROM REGULAR USE. HOWEVER, IN SOME AREAS, THE PH LEVEL OF TAP WATER MAY BE HIGHER THAN NORMAL, WHICH CAN CAUSE LIMESCALE OR MINERAL DEPOSITS ON SINK SURFACES.
TO MINIMIZE THE OCCURRENCE OF SUCH STAINS, WE RECOMMEND WIPING THE SINK DRY AFTER EVERY USE TO PREVENT WATER RESIDUE BUILDUP.

IF LIMESCALE STAINS APPEAR, PLEASE FOLLOW THE CLEANING STEPS BELOW:

METHOD 1

APPLY BAKING SODA DIRECTLY TO THE STAINED AREA. GENTLY SCRUB WITH A SOFT, DAMP SPONGE UNTIL THE STAIN IS REMOVED. RINSE THOROUGHLY WITH CLEAN WATER AND WIPE DRY WITH A CLEAN, DRY CLOTH.

METHOD 2 (FOR STUBBORN STAINS)

IF THE FIRST METHOD IS NOT EFFECTIVE, APPLY LEMON JUICE DIRECTLY TO THE STAINED AREA. COVER WITH PLASTIC WRAP AND LEAVE IT OVERNIGHT. THE NEXT DAY, GENTLY SCRUB AGAIN USING A SOFT SPONGE.
